Skill Highlights

- Programming (C, C++, Python, Java, Matlab, ...)
- Security fundamentals
- Problem-solving and analytical thinking
- Collaboration and teamwork
- Adaptability and flexibility
- Project management

Languages

German – Native Language

English – C1

I am an **Information and Computer Engineering** student with a strong foundation in programming, data structures, algorithms, and electronics. Skilled in designing and implementing computer systems and networks, I am passionate about staying up-to-date with the latest advancements in technology to develop innovative solutions.

Experience

03/2018 to 09/2018

Application Developer - SIGMATEK, Salzburg, Austria

- Development of various applications
- Development of a test system for applications

10/2019 to 01/2023

Student Employee - University of Technology, Graz, Austria

- Fundamentals of computer science tutor
- Electronics lab tutor
- Electromagnetic compatibility of integrated circuits tutor

06/2023 to 11/2023

Student Project Employee - University of Technology, Graz, Austria

- Development of software and hardware (master thesis)

Education

2012-2017

High School Diploma: Electrical Engineering – Higher Technical Collage, Salzburg, Austria

2018-2022

Bachelor of Science: Information and Computer Engineering – University of Technology, Graz, Austria

2022-now

Master of Science: Information and Computer Engineering (Major: Information Security, Minor: Embedded and Automotive Engineering) – University of Technology, Graz, Austria

Achievements

4 Times Mathematical Kangaroo Winner

- 5th, 6th, 7th, 8th grade – 2009 - 2012, secondary school Ostermiething

Gifted and Talented Development Programs

- "CHEMBILAB": chemical-biological lab – 2010, HTL Braunau
- Informatics – 2011, HTL Braunau
- High school students to universities – 2015, FH Salzburg

Fistball U18 National Team

- Part of the extended carda – 2015 - 2016, Austria

Austria's Energy Award for Matura Projects

- Electronic race go-kart – 2017, Austria

RTBS Award

- Price for the best hardware/software of the university course "Real Time Bus Systems" – 2021, TU Graz

Hobbies and Interests

In my free time, I enjoy pursuing a variety of hobbies. As a firefighter and paramedic, I have a passion for helping others and keeping my community safe. Additionally, I am an avid sports enthusiast and enjoy playing various team sports such as volleyball and tennis. For a more adrenaline-fueled experience, I also enjoy skydiving and the thrill of jumping out of a plane at high altitudes. When I am in the mood for something more creative, I love to play the piano, which provides a relaxing outlet for my emotions and allows me to express myself musically. These hobbies not only keep me physically and creatively active but also teach me valuable skills such as teamwork, quick thinking, and risk management.
